Mission Partner update and prayer - Embrace

On Thursday morning 20 January, Don and Jo Eccleshall's Life Group members and the Mission Partnering Committee had a zoom meeting with Elias from the Palestinian Bible Society, which was organised and also attended by Rowena from Embrace the Middle East. We learned more about the area, and the needs and issues facing the people, the geography, and the general situation of the region.

Prayer requests:

- For Su McClelland, who is taking a group out to Israel and asks for prayers for a smooth entry into Israel; she is leading a group of 28 people to visit the area
- For Elias and his family to keep safe and well
- For projects running and proposed in Jericho and the West Bank
- For relationships to develop with the people in the area
- For continued communications between the Life Group and Embrace

On behalf of the Mission Partnering Team
