Mission Partner update and prayer – Tanka Subedi

Tanka & Rita Subedi, our partners in Nepal, have a range of responsibilities. They ask us to pray for a number of different things:

- Their safety and fruitfulness as they undertake a field trip next week, meeting several pastors and Iteen groups as well as supervising church planting and church building
- Tanka in his Human Rights work is part of a big HR group in Nepal and connecting with the Vatican, through Pax Romana. Pray for his private time today, Sunday 13th meeting with the Vatican Ambassador to Nepal in Kathmandu: that this will be the start of a new, closer link
- His travel to Turkey at the end of March for an important gathering of the Increase committee and other leaders of TEE across Asia – visas, health, insurance, safety – and his onward travel for a very brief visit to the UK (hopefully seeing a few of us at St Andrew's briefly mid-week)

Suroj, Tanka's colleague in Iteen, would also ask us to pray for:

- all ITEEN students and tutors that they may resume their group studies again in different parts of Nepal and abroad - most of the study groups had stopped, because of COVID
- The ITEEN Annual program as we try to run our program in new way online: we face many challenges with this and are working hard to run this online program long-term

Tanka and the Mission Partnering Team
