### Update and prayer from Tanka Subedi, Nepal and ITeen

Tanka has recently returned from a mission trip to Bhojpur in the Eastern hills of Nepal. They (his church) have an orphanage there. He writes: *“The flight was very scary as the weather was extremely bad. While in the air many people got sick on the plane but finally it landed safely.”*

Tanka then drove for 6 hours to reach the place Bhiopur. [These remote areas are often neglected by the government, but Christians have sought to bring relief and hope, helping them rebuild after natural disasters.] *“The trip too was very fruitful. Ten people were baptised there - see the pictures. We were also able to help them with some food and clothes.”*

#### 10 Baptism candidates

#### The Baptism

**Please pray for:** the orphanage in Bhiopur; the Christian community there and each of the 10 newly baptised Christians: that they grow strong and deep in faith and discipleship, aided by TEE courses and materials.

#### The orphanage

Rhema, eldest daughter to Tanka & Rita, also returned home from Canada recently. She has been studying Astro-physics there. She will be home for at least 2 months, maybe longer, which is wonderful after nearly 3 years with only one visit home (last December). Future financial provision and the timing of her studies is uncertain. She also has a number of health and other issues best addressed whilst she is at home.

**Please pray for:** enjoyment of time together as a family; Rhema's health and well-being; wisdom in making difficult decisions and plans; the Lord's financial provision for the whole family.
