

## 21 August 2022

### Update and prayer requests from Tanka Subedi

#### Tanka has written recently:

We had some busy times at ITeen and some sickness as well: Suroj, his wife and Binaya, members of the team, caught covid again, but are now recovered. Rhema, our eldest daughter, was back with us in Nepal for three months. This was good, restoring relationships after most of the last 3 years apart, but she is already back in Halifax studying. This is financially challenging for us. We (Tanka, Rita & their team) have a Pastors' Conference in Chitwan, from 5 to 8 September. This is six hours' drive from us in Kathmandu. 200+ pastors working with us will come.

**An ITeen group studying Ephesians**

New Frontiers have invited Rita and me to a conference in North Cyprus in October. I hope this will be a refreshing time for us. Rita needs a visa to attend (I have one already), so was at the Turkish Embassy applying last week and had to miss an important planning meeting with Jolyon.

Rita is a key part of the team planning an Increase Association Conference in Malaysia at the end of November 2022. This is similar to the one Jolyon attended in 2017 from

which the partnership between Tanka, Rita, ITeen and St Andrew's flowed.

#### Please pray with us for:

- Rhema, finances for her studies, and a host from 26 Aug to 1 Sept, before she moves into her long-term accommodation.
- The Pastors' Conference, our leadership and each participant.
- That a visa is granted for Rita and that we can find the remaining funding for us both to attend.

*On behalf of the Mission Partnering Committee*
