Mission Partner prayer update - A Rocha

News from Wolf Fields is that their new Reserve Manager, Andrew Samuel, has been very active in work with local schools in recent months. He asks for our prayers as this is a new experience for him! He is also coming to the Mission Partners Celebration evening on Thursday 15 June when he will tell us more.

In the meantime, he writes:

Hi Everyone, I'm Andrew! I was born and raised in Bangalore, India till I completed my schooling and then moved to the UK with my family in 2017. I began my undergraduate studies at the University of Kent, Canterbury and then moved on to a Master's in Global Biodiversity Conservation at the University of Sussex. I discovered a passion for hands-on, practical conservation and a desire to give back to nature and the environment.

I'm now 23 with a career ahead of me in a field that I love! I am grateful to God and my family for standing by and guiding me through the last 5 years and I am really looking forward to meeting and working with our supporters!!

Please pray for:

- Andrew as he works to build the team of volunteers back up after the Covid pandemic.
- School visits – Andrew *would be glad of some prayer as he learns how to engage with students and help them get the most out of their visits.*
- Recruitment of a new Eco Diocese officer role who will work to support Diocesan teams to extend the reach of Eco Church.
- Good levels of attendance and engagement at A Rocha's Act for Nature days, including one at Wolf Fields on 16 September: that these all happen safely, happily and fruitfully.

on behalf of the Mission Partnering Committee
