Mission Partner Update – Tanka Subedi

This week's update comes from Rita Subedi, rather than Tanka.

Rita and Tanka have always worked closely together with Iteen and their church. As mentioned in April, the Increase Association are making use of all this experience, recruiting her to serve on the Increase Executive. In April she joined the Committee in Bangkok, where they produced a 3 year plan for the work of Increase.

Rita writes:

Hello there! First, praise and thanks to Jesus that Tanka, who was very unwell for a long time at the start of the year is now fully recovered [our main prayer request in April's update]. Other news from our family is that our eldest, Rhema, who is studying in Canada, is to be married there this month. Financial constraints make it impossible for any of us to attend, but her uncle, who is based in Canada, will represent the family. Nishma and Charisma, our other two daughters, are now in classes 10 and 8. Nishma worries too much about exams. We hope that she will join a school tour to the US, if God allows. For myself I am having a new experience as executive team member under brother Graham Aylett. I think I should continue, but need clear confirmation from God.

As a part of my role I am trying to form multiple groups across Nepal to pray for both Increase and Iteen. In September we are both invited to an annual conference in Cyprus, that we could not attend last year. It will renew, resource and equip us both for our ministry. We then hope to travel to UK together when we can visit you in Oxshott!

Please pray for:

- *The Lord's clear confirmation about continuing my new role on the Increase Executive.*
- *The Lord's enabling smooth forming of multiple new prayer groups to pray for Increase and Iteen.*
- *Rhema's wedding without us, her marriage and her studies in Astro-physics.*
- *Nishma to worry less about exams and her US trip to go ahead.*
- *Finance and visas for Cyprus and that we may clearly know His timing about visiting the UK.*

Thank you. God bless you all! Rita Subedi
