Mission Partner Prayer and update from OTS and Sialkot Diocese

Rahila Julius, our mission partner at OTS and Sialkot Diocese, writes:

Greetings in the precious and mighty name of our Lord and Saviour Jesus Christ.

Some praise and prayer points:

1. Give thanks and praise God for help for our Helpless literacy centres. Some new centres were started and are going well. In Pakistan, in the villages, less importance is given to reading and writing and more to skills training like sewing. But, one literacy group was able to start the discipleship course from OTS and it was my dream come true. I'm so glad and grateful to God for all the success in this literacy program. We now have seven literacy centres and eight sewing centres.
2. Please keep praying for all the sewing and literacy programs - that God blesses the teachers and students and provides for all the needs, strength and wisdom for them.
3. Keep me in your prayers as I suffer with migraines. Keep me also in your prayers for wisdom, energy and more strength and courage to deal with all the challenges and to help the teachers to encourage and equip them and to bring new strategies to enhance the HELP Project.
4. Please keep Pakistan in your prayers for peace, for good governance, that God blesses our country and that the people grow more in understanding God and improve financially as well, as the economy is not good.
5. We have a graduation ceremony of our HELP Sewing Centre in Gamber (three hours away from Lahore), where eight students are getting new sewing machines, kits and certificates. (See photo). Keep this graduation ceremony in your prayers for protection on the roads while we travel and for the ceremony to be a blessing for all.

May God bless you all abundantly and always surround, bless, guide and provide for you all.

Rahila
