

## **Mission Partner prayer and update 1 December 2024**

### **Qaiser and Rahila Julius in Pakistan**

We continue to keep in close contact with the Julius family. They have sent through several prayer points below. They are always extremely grateful and appreciative that we engage with them in these endeavours.

Open Theological Seminary (OTS) have a Preachers Conference on the 15 and 16 November in Islamabad and preparations are going well. They are hoping for over 400 preachers from across the country to attend this significant event.

In early December a Theological Education Expo is taking place, where they are expecting about 70 theological institutions and related ministries to join and showcase their ministry work. They are targeting about 8000-10,000 people to visit the Expo.

Rahila and her team are having a sale of Christmas decorations made by the ladies from HELP from different centres, which they hope will be a real encouragement to the ladies involved in this charity. They also have three more graduation ceremonies next month from their sewing centre activities.

Their two children, Homilia and Hanan are at key stages in their education next year and the family are continuing to ask we hold them and the other issues, raised above, in our prayers.
