

Mission Partner prayer and update 15 February 2026 From Tanka and Rita Subedi

Tanka and Rita have been busy, following a trip to the US over Christmas to visit Tanka's sister. As part of their evangelism efforts, they have recently printed 2,000 new Bible study booklets and 10,000 evangelical leaflets to help spread the Word in Nepal. They have also been visiting several of the poorer villages and providing warmer clothing to give people comfort in the cold season.

Tanka was in New Delhi last week to plan for the expansion of the Theological Education by Extension (TEE) work in India for both the Nepali community and the Indian community.

The Beaconlight Trust in the UK, which seeks to equip Christians worldwide to know Jesus better and make Him known to more people, has also connected with Tanka and Rita. They are keen to co-ordinate financial support from the UK for Tanka and Rita as they see the great value in the missionary work they are doing in Nepal.

Please pray:

- For the church leaders' training in Dhading in February, so that all the attendees will leave better equipped to bring people far and wide to know Jesus.
- That the Beaconlight Trust will be successful in gaining support for a financial package to support Tanka and Rita as Tanka transitions from his employment with iTEEN to becoming self-supporting.
- That the people of Nepal will be served well by those that gain power in the upcoming elections.
- That Rhema, Tanka and Rita's daughter, will be able to return to the US now that her prayer has been answered and she has the necessary documentation to do so, although she is still praying to find a sponsor for her return to the US.

Providing warm blankets for the community

Provision of warm clothing for the community
