

## **Mission Partner prayer and update 12 April 2026**

### **B@titude**

Over the last few months, we've seen real encouragement and clear answers to prayer. We're delighted to welcome two new trustees to our board, as well as a new volunteer joining the shop team. We've also been successful with a couple of grants, which has eased some of the pressure created by rising costs. Our garden space is looking brighter thanks to the hard work of Jackie Stewart and her gardening team, whose care and creativity have made a noticeable difference.

In the shop, we've moved into our spring/summer clothing range, despite the very unpredictable weather! We recently ran a survey both in store and online, and the early results are very encouraging; we look forward to sharing them soon. Alongside this, we've been planning a programme of summer activities to support the community, while continuing to offer precious conversations and prayerful support to individuals who need a listening ear. We remain deeply grateful for the partnership and prayers of St Andrew's.
