

Mission Partner prayer and update 5 April 2026

The Garden Route Children's Trust

Catherine from the GRCT reports:

During February, the GRCT Trustees held their trustee meeting in Oxshott; trustee Patrick Fleming also visited South Africa. He reported back to us on the familiar themes of poverty and hardship but also on the difference e'Pap breakfasts make to the children there, and on the amazing commitment of our partners. Our trusted, long term relationships with our partners and beneficiaries make all the difference to the effectiveness of the work of distributing and serving e'Pap meals to the children. Our charity is a "relational" one, both here in engaging with our supporters and in South Africa. At least one of the trustees visits the projects on an annual basis.

The GRCT's "Breakfast for Breakfasts" continues to be a very adaptable and successful fundraising initiative. The next one to be hosted by you will be in June. Thank you so much. One of our trustees is also hosting one in April in Brighton. We are planning further events to celebrate our 20th year this year, watch this space!

Prayer requests - Please pray for the children who benefit from the e'Pap, that they may be well nourished and in good health both physically and emotionally. Please pray also for the our fundraising plans for this year.

Thank you to all at St Andrew's for your faithful support of our work. We so appreciate it!
