

Mission Partner prayer and update 8 March 2026
News on the Finnies and the Gathering Church in Firgrove, Cape Town

The good news is that the Gathering, after much prayer, has finally bought a property which will become their new church building. It will need some reconfiguring so it will be a while before it can be used, however, it is in an ideal location, on the corner of the street where their current church services are held. It is hoped that the new building will become a beacon of light & hope in the community.

Please pray for:

- God's hand of protection over the property to keep it safe as it will be unoccupied for a while.
- That the property can be re-zoned from residential to business without complications.
- The provision of an architect to draw up plans to make the necessary changes.

As always, Paula & Dean thank you for your continued support and prayers, they truly value it.
