

Mission Partner prayer and update 14 June 2026
From the GRCT

Catherine Michell from the Garden Route Children's Centre sent the following update...

Twenty years of nourishing hope

This year is our 20th year of funding nutritious e'Pap breakfasts! A letter from Shelley Godsell, the founder of our largest beneficiary, the e'Pap Children's Feeding Project, outlines the impact of the charity's work. Thank you, St Andrew's, Oxshott, for partnering with us in this work over many years!

"Our minds go back to sitting in Penny and Patrick's home with Lesley Flaxman when we formally formed the GRCT. What an exciting moment that was and none of us had any idea of the size and reach it would have 20 years later. God is great. Thank you for your regular and essential funding over 20 years which has made all the difference to the health and wellbeing of thousands of children in the Garden Route. May God continue to bless and guide you all as you continue to nourish thousands of children in South Africa."

We would appreciate your continued prayers - for wisdom and energy for the trustees going toward, for our partners and beneficiaries and for each child whose life is impacted by a healthy breakfast each school day.

All the very best,
Catherine
